Pick up is in the left lower shed when you pull in the driveway. When you enter the shed, your order will be on the right. Orders are self serve. The black buckets are included in your order for easy transport. Buckets full of flowers and with water are often top heavy and tippy-- we recommend either sandwiching them on the floor of backseat, between seats, or bringing something to secure them, ie ratchet straps or something heavy. Store flowers in a cool, dark room.
